# ABOUT US

AllergistOnDemand (“AOD”) provides expert allergy solutions for providers and patients throughout the United States. Whether your facility or practice would benefit from a full-service inhouse allergy clinic, a complete virtual allergy clinic, or if you are looking for an Allergist as your practice’s expert allergy consultant, AOD can craft the precise model to best fit the need.

The combined experience of our Executive Management Team totals over 300 years in healthcare and 200 years in allergy. With AOD’s vast expertise and experience, we can optimize allergy solutions for clinics of all sizes throughout the United States so that patients receive safe, effective, and convenient care for their allergic conditions.

# SCOPE OF SERVICES

AOD provides the strategies, systems, and support to deliver maximum value to our allergy partners.

Our services include but are not limited to:

- In-house Fully Serviced and Staffed Allergy Clinic \*
- Virtual Staffed Allergy Clinic \*
- Hybrid model
- Personalized Subcutaneous Immunotherapy (SCIT)
- Personalized Sublingual Immunotherapy (SLIT)
- Staff Development and Training
- Practice or facility analysis including recommendations and strategies for improved outcomes
- Rural Health Clinic allergy program implementation strategies
- Rural Hospital allergy program implementation strategies

\* Includes AOD's US licensed physicians who are board certified in Allergy and Immunology. Services include designing and implementing successful allergy programs, and aligning, managing, and optimizing its performance and growth.

AOD provides its clients with the services, expertise, and resources necessary to achieve success in today's challenging allergy service delivery environment. Partnering with AOD will have a positive impact on patient outcomes, as well as the operational and financial success of the client.
